[PORTFOLIO](#) | [GITHUB](#) | [LINKEDIN](#)

SUMMARY

I'm a motivated and skilled professional with hands-on experience in technology and project development. I've worked on significant projects with a multinational corporation (MNC) and helped a startup by designing and implementing their landing page. I'm known for my strong problem-solving skills and my ability to deliver innovative solutions. As a quick learner, I'm always eager to grow and contribute to achieving high-impact results with any team I'm part of.

TECHNICAL SKILLS: JAVA, Python, Reactjs, ReactNative, JavaScript, Html5, Css, Bootstrap, JQuery ,Nodejs, Tailwind Css.

PROFESSIONAL EXPERIENCE

InstoQR (Startup)

UI/UX Design Lead/Developer (Internship)

Remote, Part Time

Bhopal, Madhya Pradesh/India

JULY 2024 – Present

Lead UI/UX Designer and Frontend Developer with significant experience at an NIT Bhopal-based startup. Spearheaded the design process, creating wireframes and prototypes that greatly enhanced user experiences and client satisfaction. Developed and optimized responsive web applications, integrating modern tools to ensure high-performance interfaces and efficient design. Stayed at the forefront of web development trends to deliver innovative solutions while managing multiple projects from concept to completion, working collaboratively with cross-functional teams to meet all deadlines and project goals.

- **Lead UI/UX Designer:** Spearheaded the design process at an NIT Bhopal-based startup, creating wireframes and prototypes that enhanced user experiences and boosted client satisfaction.
- **Frontend Development:** Developed and optimized responsive web applications, ensuring seamless integration with backend services and delivering high-performance user interfaces.
- **Rapid UI Development:** Utilized advanced tools for efficient UI development, significantly reducing design time while maintaining a modern and consistent look across projects.
- **Incorporation of Latest Trends:** Consistently stayed updated with and applied the latest web development practices, ensuring the delivery of innovative solutions.
- **Collaborative Development & Project Management:** Worked closely with cross-functional teams and managed multiple web projects from concept to completion, ensuring adherence to deadlines, budget constraints, and project goals.

MARQUARDT(MNC)

SD Intern

PUNE, MAHARASTRA / INDIA

JUNE 2024 – JULY 2024

Detail-oriented developer with a strong background in Excel and VB scripting, specializing in creating customized Inventory Management Systems. Successfully delivered a highly praised IMS for Marquardt, improving inventory accuracy and efficiency across all departments. Proven ability to perform under pressure, solve complex problems, and deliver impactful solutions that streamline operations and enhance productivity.

- **Inventory Management System Developer:** Designed and implemented a comprehensive system for Marquardt, streamlining inventory management and significantly improving operational efficiency.
- **Process Automation Expertise:** Developed and automated inventory processes, reducing manual errors and enhancing data accuracy across the system.
- **High-Pressure Performance:** Successfully delivered the project under tight deadlines, demonstrating the ability to perform effectively in high-pressure environments.

- **Cross-Departmental Impact:** The system received widespread praise from all departments and the General Manager, reflecting its substantial positive impact on organizational workflows.
- **Continuous Innovation:** Regularly adapted to new methodologies and tools to enhance system capabilities, ensuring cutting-edge and efficient solutions.
- **Problem-Solving & Optimization:** Proactively identified and resolved key challenges in inventory management, leading to better resource allocation and cost savings.

COGNIFYZ TECHNOLOGY

Software Development Intern

PUNE, MAHARASTRA/INDIA

JUNE 2024 - JUNE 2024

Skilled software developer with extensive experience in application development and data management. Adept at creating and optimizing solutions for core data functions, extracting valuable insights from online sources, and adapting to innovative methods. Proven ability to manage the full software development lifecycle, ensuring timely delivery.

- **Application Development:** Designed and implemented applications focusing on core data management functions, ensuring robust and scalable solutions.
- **Data Handling Expertise:** Optimized and streamlined data operations for efficient management, enhancing system performance and data accuracy.
- **Information Extraction:** Created tools for extracting and analyzing data from various online sources, providing valuable insights for decision-making.
- **Adapting to Innovation:** Continuously explored and integrated advanced methods to enhance application functionality and maintain modern solutions.
- **Comprehensive Development:** Managed the full lifecycle of software projects, from initial analysis through to deployment, ensuring timely delivery and meeting client requirements.

SUVIDHA FOUNDATION

WEB Development Intern

PUNE, MAHARASTRA/ INDIA

MAY 2024 – MAY 2024

Experienced web developer with a strong track record of creating custom applications from scratch using the latest technologies. Demonstrated ability to implement innovative solutions and manage end-to-end development processes. Worked on impactful projects at Suvidha Foundation, applying new technological advancements to drive results and improve organizational efficiency. Skilled in adapting to emerging trends to deliver cutting-edge web solutions.

- **Custom Application Development:** Created web applications from scratch using cutting-edge technologies, tailored to meet specific client needs and enhance user experience.
- **Innovative Technology Implementation:** Employed the latest technological advancements to develop and deploy new features and functionalities, ensuring modern and efficient solutions.
- **Project Development at Suvidha Foundation:** Worked on various projects at Suvidha Foundation, applying new technologies to drive impactful results and improve organizational processes.
- **End-to-End Development Expertise:** Managed the entire development process, from conceptualization and design to implementation and testing, ensuring high-quality and reliable applications.
- **Adaptation to Emerging Trends:** Continuously explored and incorporated emerging web technologies to stay ahead of industry trends and deliver innovative solutions.
